To Whom It May Concern:

It is my great pleasure to write this letter of recommendation for Ali Oğulcan Dülger. I have had the pleasure of viewing Mr. Dülger's professional development over the past three months between June and September 2017, and I can state with confidence that he is a motivated and responsible person with a high degree of integrity. As such, I expect that he will be a very positive addition to your institution. In his position as a Mechanical Engineering Intern, he did an excellent job in this position and was an asset to our organization during his tenure with the office. He has excellent written and verbal communication skills, is extremely organized, can work independently, and is able to follow through to ensure that the job gets done.

During his tenure with our company, Oğulcan was responsible for several projects such as Feedback Systems, RFID/NFC technologies, design projects for our 3D Food Printer Machine "Foodini". In his role, he had a considerable amount of responsibilities, and he handled them effortlessly. Oğulcan was always willing to offer his assistance and had an excellent rapport with the many constituents served by our office including clients, employers, and other professional organizations. His ability to effectively communicate with all these people via email, on the phone, and in person made his such an asset to our office.

Mr. Dülger has informed me that he hopes to pursue a career in your company, and I feel that this is an appropriate choice for him. He would add value to any company for any endeavor he chooses to pursue. Based on my observation and based on his performance, he clearly has the ability to achieve success. I therefore highly recommend him to the position in your company. I sincerely hope that you give his application favorable consideration. If you need any further information about Mr. Dülger, please do not hesitate to contact me.

Sincerely,

Emilio Sepulveda

CEO, Natural Machines
